

# The Sign Of The Times

A Time Of Great Sorrow...

August 26, 2021

Newsletter #68 by Miki Ritter

*(Jesus, I know what's coming isn't going to sit well with any of us...)*

“Child, don’t. Just be and let Me minister to you. Your words are meant to touch each soul... entrusted to you.

You are not meant to sit on the sidelines and watch the world pass you by. This is why I chose you. You are also pliable. I can move you when the need arises. But it does not mean you will be injured along the way as you touch these lost souls.

There is much grief in your life from those close to you. You know this.

Child. Just let me love you. What is about to fall – will happen – and no one can stop it.

You be at Peace. I will do the rest.”

*(Thank you, Jesus.)*

Sept. 8, 2021

*(Well Jesus, it's been an interesting month. A lot of stuff "happened" that I had no idea would! It put me into a position that I had to pray to protect our little Hot Line.)*

*Jesus, why are so many contaminated right now? There's an infiltration of*

*Spirits attacking many areas of our lives and I am seeing more of this as I talk with people. These "Healing Oils."*

*I have never seen so many infected with false teachings, or occult issues that are imbedded into the things they use every day. Instead of prayer, they are using incense dedicated to false deities.*

*Doing a little research taught me how much is behind the scenes in Occult practices.*

*Had another friend get caught up in Reiki. And there was nothing I could do to set her free. She liked the power it gave her...but it wasn't of the Lord.*

*And now, this latest mess with my oldest friend. I have no idea where that is going to go!*

*...Earth Spirits...*

*But the healing in her family. Oh Jesus, I never imagined that would happen. It is so hard to pull them out of that kind of life.*

*Healing Rebellion...*

*I really need you to teach me about this kind of ministry. I saw it for years but had no idea what to do to set them free. How can I help this situation or is it out of my hands for now?) Romans 1:18-32*

“Child, my will is for everyone to be set free. It started long ago with my Church. As time went by, they lost the Anointing of My Spirit and went back to rules and regulations.”

**This became the normal for my church. It lost the ability to see The Holy Spirit running my Church. You have seen this in your years in the Renewal. Many are afraid of trusting The Holy Spirit like this."**

(Yes, and eventually, it resulted in some pulling the stops on The Holy Spirit. I remember them stopping some of the gifts - especially, Prophecy. I had forgotten a lot of this. It has been years since I was in the "Renewal Proper". We taught about the gifts, but that last year, we had to tell them - they were not to use these gifts. That was almost at the end in 1981. Monsignor "X" tossed me out on December 7, 1981.

My infamous Day of Judgement!)

**The Lord foretold this: "Within six months of my removal from the Renewal, all the Prayer Meetings throughout the entire Arch Diocese of Philadelphia will be almost completely shut down. The only participants will be mere handfuls who will remember - how - it had been."**

(This was fulfilled by the middle of 1982.)

**"For now, set this aside for a later time."**

(Well Jesus, I see there are things that are coming out of the woodwork that will leave a lot of us folks with our mouths hanging open!

Been reading a few of the old Newsletters and I realize it is that time -

- to warn our Church that You, Jesus, are calling in your markers on all those things we failed to do!

I will not kid, you folks, but it doesn't matter. What is coming will knock our socks off...and then some.

How many of you have been to the local supermarkets? Have you noticed that they are requiring more "Business Cards" instead of "cash on hand"?

Their complaint: They have no change! Eventually, it seems, they will be requiring everything we do to be done by card until the new system is set up. "Then, they will "dial us in" with the stamp on the hand. It's coming folks.

You don't have to believe me; but wait and see!

We also have a new monetary system that our Democrats are working on!

Hope you like the new money they are going to introduce into our system. Have no idea what our money is going to look like or what you will do with all that cash you squirreled away.

The only thing that will matter is - did you squirrel away gold? That's probably the only commodity that will count.

I can't imagine living like this; but it was foretold long ago. I had forgotten about those very old, very long-ago-words we received...way back in 1978...or so... that this was coming.

But Jesus, you said you would let us know...is it time? Are we close to that point in the Daniel Dilemma?

Daniel 10, 11, 12.

*(There have been so many strange occurrences in our group of prayer partners. Many are injured by disorders that seem to be cropping up. Part I'm sure is aging. We are getting "Old" Lord!*

*But some of these things seem to have deeply imbedded issues within. I seem to be lifting very strange diseases in each and every soul we lift.)*

**"Child. Wait. Do not run ahead of Me. Let me teach you what I have in store for my people. I want each of you to pray to open your hearts and minds to those things that are really important to you: your children...your families, your own personal needs in each area.**

**I want you each to set out a time to pray. We need them returning to Me as they once were very long ago. Not just because someone comes to visit, but from the center of their hearts.**

**Child, I am always with you; even in the midst of this internal turmoil you feel. I am still with you. I will never leave you Mary Anne.**

**Your dear friend walked away because she was infected by her daughters ranting in her ears. She wants to believe her far greater than the truth can speak to her. She wants to believe that all things will be made right; and many things will not be made right - until they change their tunes!"**

**"You see what happens when you reject all that is important to Me. There is great loss. Your friend – has walked away from the Truth to embrace a lie.**

**I have to teach her. You, cannot. Let her go..."**

*(Jesus, why is this so hard. We have been so close for so many years. I am torn apart by her betrayal... and I know, so are you. But you see what I cannot.*

*I am aware of this. But it hurts...)*

**"Child, you uncovered a serious offense against my Will and even though your friend does not see this, you do. You tried to warn her and most people will not take a warning about those they care for, so deeply. They resist at all costs. This cost you dearly. You saw it coming but were unable to stop it.**

**The damage was already done and her daughter fed her everything she needed to join her side. Now, she is trapped.**

**And will remain so for quite some time. All you can do is let her go.**

**Pray for her and stay as far away as you can. Do nothing else. Let all things rest.**

**I will deal through on this one. It is out of your hands."**

*(Jesus, please – hold on to me tightly.)*

*(Well Lord, Our Country seems to be under a very difficult mess.*

*Just read recently, that the Banks are allowed to access our funds without our permission.*

*This hasn't happened for a very long time. That means, "if push comes to shove," the little they are giving us now hardly represents much of anything going on in our accounts. There was a time you could actually gain some interest on the money stored. Today, that won't even pay for a pack of gum!*

*Had one of my friends fearful that they may not get their Social Security Check this month.*

*What do you want to tell us, Jesus? There's not much we can look forward to doing these days.)*

**☞ Child. Know what is coming – and I have foretold you this before, will wipe out many of your friends and their finances. Many of you will struggle as you try to meet your bills.**

**It is coming. Prices will continue to rise and overwhelm most of you! Be aware of all that is coming for it will start to make you think about what your future holds. Trust Me to know what is best.**

**Count on My advice when you want to do something. Let me lead you where you need to go. Do not be afraid."**

*(Jesus, I am watching my daughter and her husband. This virus is so nasty that they do not want to submit to getting the shots. He has a Heart Murmur.*

*What will this do to him? He works for the Fire Department. They are threatening to take his job away if he does not submit to getting this vaccination. We know...it is not a "vaccination"...but a preventative to dying? Is this what it does?*

*Look at my Tim. I think he got the Virus the last week in September. He has been sick in the hospital for over a week and we're heading into the second week. I understand what happened to him, but the virus itself, is really nasty.*

*It doesn't respect anyone.*

*The symptoms are bad no matter how you get it. I had the virus at Christmas, and it did damage to my heart. I have to take extra medication to lower my heart rate. I never had that issue before, but I do now. My other friend got the "shots" and it did this same damage to her too. Now she is also on the same medication.*

*Both my doctors both insisted I get the shots. Now what? Do we continue getting these shots?)*

**☞ Child, do not fear what you do not understand. Go with the flow as you can for now. Much more is coming and it will help explain what is going on in your world.**

**Relax into this next discipline. It will teach you much as you learn.**

**Rest and let me teach you. You have no idea how complicated this is! But I have everything in my hands and I will lead you every place you are to go. Trust me, Mary Anne. I have your back!"**

*(Well, Jesus, Tim's virus was actually Covid Pneumonia! Now I understand how critical this really is. Pneumonia is bad enough...)*

**"Child, cease your ramblings. Let me touch your life and show you what lies ahead.**

**First, will come a time of great loss as our people discover how inadequate this administration is! Then, watch as the election triggers still another devastation of sorts as the people recognize the enemy at work, once again. This election will not go as planned and many will be damaged as they recognize the hatred behind the scenes. Much of this has to occur.**

**The people have to see! Then, they will retaliate with anger as they try to repair what was wrong. Troops will be brought in to bring about the insurrection. Many will be hurt. The first "jailings" in your country in many years will be the result of this grief.**

**Then, more will follow. Watch and observe.**

**The cunning of the leaders will be at the base of this hoax. And nothing can be done! Once again, the people just are not strong enough in their faith to bring change.**

**And those who are, will be discarded and pushed aside."**

**"Watch as you see and observe!"**

**Too many walked away. Too many living the life of ease and ignorant of the workings going on behind the scenes.**

**This child is at the crux of this mess. But it will not get better. Watch again and observe.**

**Think about this world and all that is to come.**

**Know that it will never be this way again. It is almost at a close.**

**Do you trust Me, Mary Anne?"**

*(Jesus, just read another book about the Jewish Communities and how precious they are to you. I do know this Lord, but I am really puzzled about this book.*

*I know you asked me if I trust you?*

*Yes, Jesus, I trust you. But you know my discernment has to kick in to know if my source is correct. I am hearing a very difficult time for all of us with this years election even if it is mid-term. It sounds like we are in for one horrible ride this time! Insurrection? That is out-and-out war with our established "Order of Authority.")*

**"Child, I want you obedient as I tell you what to write. You will not be happy with the news that is coming but be aware, this is My Will!"**

*(I don't want to "sound" frightened. But I am really frightened for our people. They really are not ready for any of this!)*

**"Warfare is coming and no one will be ready or willing to step up and argue. They are just not ready to fight for anything...unless its for their personal interests.**

You see around you how involved with themselves most people are. Giving to others is a tooth-pulling event.

Prayer is Number One right now. And prayer will remain Number One!

What am I asking of each of you?

Mary Anne, you know how important my people are to Me. You know how important all of you are to Me. But My Father has a purpose far greater than any of you can imagine. It will draw many into war. And most of our people are just – not – ready!

The skirmishes will be far and few in the beginning. But once this oppression really begins, then many young men and women will want to take stands and then, War has begun! Many will be arrested.

**Many will be injured and they will not understand why this is happening? They have been told! They still, will not understand.**

Child, hold on to me as you have in the past. This will not get easier. However, each time you make another adjustment to the "Powers that Be" – the harder it will get - as you realize there is no place else to go! They will have sealed off every avenue of escape. The waiting list will grow longer and more profound until there is little left to lean on...except Me.

This is all you will have left to hold on to. I have to be your center.

**JESUS**

There will be no other...to hold on to. My Name, My Authority...these pieces of My Puzzle will hold the key if you escape or are caught.

Each time you lean into Me, the easier it will get. This does not mean you will escape. Some, for a time. Others. Because you have posted your Will to the World... these times will make you the "Enemy of the godless."

Know what is coming.

Be aware...and not ignorant.

Step out in Faith...

And Trust Me, Mary Anne.

I truly have your BACK!"

*(Jesus, What do you want to tell your people? I feel like I am sitting on the edge of the world and just waiting for something to happen that will push me over the edge!)*

**"Yes, a good description of what is coming. Child, do not fear what lies ahead. I want you telling them to hold on tight to Me. The things coming will frighten many. Many others will be looking for ways to escape what is coming.**

**First, they have to recognize that something drastic is on its way.**

**That will happen too. Then, the confusion. Why would God do something like this to "us?"**

**Did I not promise them, that when the day comes, all will be busy with their children, or giving those in marriage, of caring for their land!**

**Did I not tell them that some will be in the fields, and some on the roof tops...**

**Don't go and gather your coat or your belongings...but escape to a place as far away as you can go...**

**And even these places will not be far enough away!**

**Children, do you see why this has to occur? Do you understand why this has to be? Do you see the destruction of all that you hold dear disintegrating before your eyes?"**

**"Do you see this, my Children?**

**Do you see what has happened to the greatest land in the world? You walked away from Me, from My Joy and My Pleasure.**

**I gave you land rich in all things. A beautiful land filled with things of joy to celebrate a new world with new adventures but I asked you to remember all that is important to Me. (And for many years, you all yielded, with few exceptions.)**

**And then came the rebellion. It didn't take long before many followed along. Sin came into this "Blessed by Me" land, called America.**

**Filth crept in. Deceit crept in. And many follow suit. (A small portion of My people remained faithful.) Many others followed the way of the world and hate became the center of many things that were done.**

**Still, many of My people remained faithful.**

**Time did a lot of the damage. Many false teachings came in with the people who arrived on your shores. Many became contaminated by the sin that came in with the disorder.**

**(Many of My people remained faithful.)**

**"Children, I called you to teach my young ones about Me. Many forgot about Me. Instead, they began teaching each other how to steal."**

"It didn't take long where stealing was more important and not getting caught, much better.

Many of My children went to the best schools in the Nation and forgot about Me.

My parents stopped teaching except for a few. These remained faithful to me even when it hurt them among their peers.

Those of the world became the center of all that's unholy. These children taught their children until little is left to teach them the right things to do!

Return to Me and let Me re-teach you what I desire. I poured out My Spirit to teach you the way I love.

Many times I came and taught you to love as I love, with no strings.

But this world is so filled with hatred, and lust and greed there is little left to lean on today.

The contamination of this world has filled every valley with it's stink. I will come in to correct that effect and no one will be happy with the path I will take.

Do you remember those times when going to Church was important? Now, no one wants to go unless they are forced.

This is not the way I love you, children. I want you coming because you love Me.

Child, do not grieve what I am writing. Know I will teach you before you send this out.

You know I love you."

*(Yes Jesus, I know you do.)*

"Do not fear what I am about to do but lean into what I show you and tell them to lean into Me as well.

My world is almost at that point.

Love Me Children and let Me love you in return.

Hold on tight!

This ride will be a Winner!"

"Pray..."
